

Historic Racing Car Club (Qld.) Inc

Triple "T" Day

(Try, Train & Test)

Saturday, 11th February, 2006
Queensland Raceway, Willowbank, Qld.

An Invitation

The third running of this interesting, informative and fun day is now approaching fast (**please note the change of date**). This years Triple "T" Day is a little different, in that it is on a Saturday and actual track time commences at 12:30pm, running till late. So whether you are a Full Member, an Associate Member or someone who just wants to get involved, we suggest you (and one or two guests) plan to be there, even if just in a support role. It is a day for **all** HRCC members, friends and family. It would be great to see the majority of the nearly 800 HRCC members there!

For those who are not familiar with this event, the basic object of the day is to give HRCC members and non-members an opportunity to "Try, Train or Test". That means that current Cams Licence Holders will get track time to test their cars for the coming season, and, at other times during the day, friends, relatives, pit crew members etc will be given an opportunity to drive your/their car around a race track preferably with an instructor aboard and in a non-competitive and controlled manner. For those without a CAMS Licence, a Level 1 Licence will be available for the day (see entry form). The attached draft program for the day should provide you with additional information. The final program will obviously depend on the number/type of entries and will be available on the day (Scrutineering times will not change).

Please find attached an entry form, but they are also available on the HRCC web-site in the usual way. Get them in now by mail, with a cheque or money order, as entries will close 5pm sharp, on Friday, 27th January, 2006. If necessary, priority entry will be given to those who get in early, wish to drive/test a "historic car" and who are members of the HRCC.

Please note that this event not only gives CAMS licensed HRCC members testing time, it is also an ideal opportunity for all you others to test drive a Historic Racing Car at Queensland Raceway, and possibly learn something at the same time. We suggest you take this opportunity and be there!

The entry fee for the vehicle and the primary nominated driver is the same as last year, at \$80.00. An additional fee of \$25.00 per additional nominated driver (guest) applies. Only 2 additional drivers for each vehicle can be nominated at this stage, and depending on final numbers, additional guest drivers maybe accepted on the day. For those who do not have a CAMS Licence, a Level 1 licence will be available for the day, costing \$21.00. You can also book a Covered Bay in Pit Lane for an additional \$20.00 if you wish (first in, best dressed). **All the above payable with entry.**

We suggest you show your support for historic racing and the HRCC and be there!
